# IF WE'RE LATE, WE PAY THE FREIGHT

Explanation, Terms and Conditions

## On Time...or It's Out of *Our* Pocket

At Gorbel, we are committed to providing our customers with high quality products in a timely manner. We know that delivery can be the most critical component of your material handling system. We are so confident in our ability to get your product to you when you need it that we put our money where our mouth is.

Our "If We're Late, We Pay the Freight" program was created with customers like you in mind. Simply put, if you have requested this program\* and we don't have your order ready to ship on or before the promised date, we will credit an amount equivalent to the going rate for the freight.

## How Do I Know What "Late" Is?

The program includes both Quick Ship and special orders. Just check with your dealer for the scheduled ship date - dealers are notified of this within 1-2 business days of Gorbel receiving the order. If we don't have your order ready to ship on or before our promised date, we will credit your dealer's account at time of shipment an amount equivalent to the going rate for the freight.

## How Can Gorbel Afford This?

Simple - we don't intend to be late in the first place. Too good to be true? Not a chance:

- We have averaged 99.4% on time shipments for the past decade.
- Most Gorbel cranes are shipped in 5 working days or less

## Terms & Conditions

- Program applies to North American shipments only
- All Work Station Cranes, Jib Cranes, Cleveland Tramrail™, G-Force™ and Easy Arm™
- Program does not apply to expedited shipments (i.e. requests for shipments faster than Gorbel's original acknowledged date)
- This program guarantees we'll have your order **ready to ship** on or before the date promised - Gorbel is not responsible for carrier delays.
- We are not responsible for delays caused by acts of God or carrier strikes.

## Questions?

Please contact your Gorbel dealer [OverheadCraneKit.com](http://OverheadCraneKit.com) at (800) 509-6131.

\* You must specifically request this program at the time of your order. If delivery is critical to your order, tell your dealer that you'd like that order to qualify for our "If We're Late, We Pay Freight" program. The delivery date will be negotiated once Gorbel receives the Purchase Order from the dealer.
